Happy 250th America!

From the Kleiboemers

From our family of service to country and community to yours, we proudly support the Freedom of the Press!

United States of America at 250

It has been an honor to serve in our nation's military and in elected office in the village of Whitehouse. We take seriously the oaths we have taken to uphold the Constitution of the United States of America, and we won't take for granted the civil rights guaranteed in it. Liberty and justice for all means ALL, and we continue to work to preserve and promote freedom.
